Cristo will talk about the impact of thought on the mental, emotional, and etheric bodies. He will discuss the formation and multiplication of thought-forms in the mental body and will go on to elucidate the relationship between thought-forms and the Central Channel. Finally, Cristo will discuss Man as Microcosm and Creator pertaining to the creation of thought-forms. This class will be rife with examples of thought-forms provided via the clairvoyant examination of the auric fields of volunteer participants.
